

VAEAI Koorie Education Resource Register

VAEAI wants to see more local Koorie content being used in early years centres, schools, and post-school education institutions. We are looking for education resources that have been developed by local Koorie communities so we can help to promote them. The resources can take many different forms: music, artwork, choreographed dances, Aboriginal language resources, books, etc.

If you have developed a classroom/curriculum resource that you would like to share, please fill out this form. Once we receive the details of your resource, it will be added to an online database, available through the VAEAI website.

Please email completed forms to the Policy and Research Unit at vaeai@vaeai.org.au or post to: P.O. BOX 113; Northcote 3070.

Name:
Contact Number:
Email:
Postal address:

Mob/Group:

Do you consent to your education resource being used in early years' centres, schools and post-school education settings?

Yes
Yes, after consultation
