

# VAEI Regional Back to School Information Pack 2024

## Reminder

### Schools fees are voluntary for state schools

Schools provide students with free curriculum and ensure students have free access to all items, activities and services that they need for their regular classes.

The school may invite you to:

- Make a voluntary money contribution to support the school.
- purchase extra-curricular items and activities
- purchase educational items to own.

You are not required to make payments or voluntary financial contributions to your school. Schools cannot refuse your child school if you do not contribute.

### Start at your school

Ask your school about their financial help for families policies.

You can reach out to principal, assistant principal, KESO or Koorie support worker, wellbeing coordinator, or a trusted teacher.
